RE: AUTHORIZATION TO RELEASE COMPLETE DERs TO RICHARD L. CONN

Relative to a request being filed at my request for the science reviews (DERs) for one MRID submitted by Syngenta Crop Protection, LLC (Syngenta), Syngenta hereby authorizes the Office of Pesticide Programs of the U.S. Environmental Protection Agency to release the DER to Syngenta's representative in this matter, Richard L. Conn of Conn & Smith, Inc.

The purpose of Mr. Conn's request is to obtain for Syngenta the EPA science review of the following study that we have not been able to locate in our files:

45196011 Cary, C.; Payne, V. (2000) ZA1296: Degradation in Natural Water-Sediment Systems Under Laboratory Conditions (Final Report): Lab Project Number: RJ2724B. Unpublished study prepared by Zeneca Jealott's Hill Research Station. 60 p.

Please feel free to contact me at 336.632.6730 if you have any questions.

With Kind Regards,
